HOW FRENCH PEOPLE CURE STOMACH TROUBLE

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for 20 years has been one of the leading lown-town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pro-nounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in short a time. It is known as Mayr's Wonderful Stomach Remedy and can by falling from an apple tree in now be had at almost any drug store. Charlotte and striking on the frozen Cross Pharmacy.-Advt.

Miss Louise Gleason is spending the Phanksgiving vacation at her home here.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
